

SHAMMAH Z. DZWAIRO

+233597030814 / Zimbabwean

shammah.dzwaairo@ashesi.edu.gh / www.linkedin.com/in/shammah-dzwaairo

EDUCATION

Ashesi University

Berekuso, Eastern Region

BSc. Computer Science (CGPA 3.25)

Expected Date of Graduation: May 2026

Howard High School

Mashonaland Central, Zimbabwe

A Level *(ZIMSEC)

Feb 2019 - Jan 2021

ACHIEVEMENTS/AWARDS

The Higherlife Foundation Scholar Program Scholarship

Apr 2010- Jan 2020

Academic Excellence

Ashesi Healthcare Initiative Incubator

Aug 2024

Seed funding awardee in a team for a healthcare start-ups competition

WORK EXPERIENCE

Logarithm Corporation, Harare Zimbabwe

July 2025 - Aug 2025

Back-end Developer Intern

- Engineered a scalable relational database to manage data across an institution of 5+ campuses, delivering a unified backend architecture for the institution.
- Implemented CI/CD pipelines using GitHub Actions and containerized applications with Docker, transforming manual processes into an automated server deployment workflow.
- Optimized project execution by managing agile sprints in Jira and facilitating real-time communication on Slack, ensuring high task visibility and on-time delivery of my Java Spring Boot assigned tasks.

Future Interns, Remote Internship

April - May 2025

Full Stack Web Development Intern

- Developed and optimized responsive web applications using React.js for front-end, and integrated back-end functionality with Node.js
- Gained hands-on experience with version control (using Git), agile workflows and real-world project deployment practices

PROJECT AND RESEARCH

Ashesi Health Initiative, BCee

Aug 2024 - Aug 2025

Co-Founder, Team Member

- Secured \$20,000 in funding from the Ashesi Healthcare Initiative to develop BCee, a health-tech startup focused on AI-driven vital sign monitoring for hypertension patients in Ghana.
- Completed a mobile application development course using Flutter along the process, and currently in the design stage of the application front end.
- Completed the Giving Voice to Values Course, enhancing ethical leadership and decision-making skills in healthcare technology

ZAOGA FIF Ministries, Mvurwi | Zimbabwe

Jan 2026 - Present

Freelance Web Developer

- Identified a need for a centralized digital hub for a youth ministry of 50+ members and initiated the development of a React.js based responsive web platform.
- Conducted requirements gathering with ministry leaders to translate organizational needs into a high-fidelity UI/UX design focused on easy navigation.
- Architected the site map and front-end layout to improve local organizational communication, currently moving from the design phase into active front-end implementation.

CO-CURRICULAR ACTIVITIES

Ashesi University College, Ashesi Ladies Football Team

May 2024 - Present

Head Coach

- Successfully coached the Ashesi University Ladies School Team to win the Varsity League*, a inter-school competitive tournament hosted at Ashesi University in 2024.
- Implemented tactical training sessions to focus on skill development, fitness, and game strategy.

SKILLS

- Proficient in Python, Java, C++, React.js, Spring Boot and PHP
- Team Coaching, Leadership, Project Management, Budget Planning, Event Coordination
- Teaching, Academic Assistance, Public Speaking
